### **\*\*Course crew training opportunity\*\***

If anybody is interested in learning about the different tasks that are completed on the morning of a race to make things run smoothly, this is a great time to get involved. This includes set-up of timing, rope-lines, and venue closures, transporting of equipment, and general hill movement and organization. Please contact Michael Radford at [michael.radford@arcticvalley.org](mailto:michael.radford@arcticvalley.org) and expect to get started at 8:30 AM the day of the race.
