## **1. Introduction**

Technical Packages are critical guiding documents that assist Host Societies as they coordinate all sport competition (including competition formats, rules and procedures) and Mission Teams as they coordinate their teams' participation (including athlete eligibility, categories and team composition). Every Games' Host Society and Participating Unit's Mission Team, Coaches and Managers have an obligation to read and understand every aspect of the Technical Package. Should a need for clarification arise, questions should be directed through the Participating Unit's Chef de Mission for review and response by the Arctic Winter Games International Committee (AWGIC) Technical Director and Technical Coordinator.

## **2. Rules**

This competition will be conducted under the rules of the [Fédération Internationale de Ski \(FIS\)](#) as published on January 1 of the year of the Games, except as modified by the AWGIC. The Host Society must advise Chefs on sanctioning and any related matters that might affect their teams.

## **3. Sanction**

The competition will be conducted under the [rules and sanction of FIS](#) as published on January 1 of the year of the Games, unless otherwise approved by the AWGIC. Where possible, the Host Society should explore sanctioning under their jurisdiction's sport governing body (e.g., Alpine Canada). Should a competition be granted sanction, the Host Society will communicate said sanction to all Participating Units, including the conditions of the sanction that may or may not differ from the International Federation's (IFs) rules and sanction.
